

Rangeland and Soil Health Tour

Oct. 5 – 1:30 p.m. MDT – Caputa, SD

SHAWN FREELAND

ALSO FEATURING

STEVE CAMPBELL

Noted Idaho Cattleman and Speaker on the Benefits of Soil, Plant, Animal and Human Health

USDA NRCS SD Photos

Don't miss this opportunity to learn from producers and experts, ask questions, discuss strategies, and identify new soil health and rangeland management practices for your operation!

Participants will learn how:

- Plant diversity is linked to water infiltration.
- Cover crops can provide grazing and improve soil health.
- Management practices can increase plant diversity.
- Rangeland and soil health strategies can work for you.

Directions from Rapid City: On Hwy 44, 1.5 miles east of Caputa, turn south on Wisheart Road. Freeland House is approximately 1 mile at the end of Wisheart Road.

This event is free to all 2020 members of the SD Soil Health Coalition or SD Grassland Coalition. Other attendees must purchase a \$25/\$30 membership to attend.

For special accommodations, please contact Cindy Zenk, SD Soil Health Coalition Coordinator, at 605-280-4190.
