

Intro to Holistic Management®

Creating Resilience:

By improving management of Land, Human & Financial Resources

This hands-on seminar will introduce the skills and knowledge known as **Holistic Management®**, a planning process designed to support ranchers and farmers in their everyday decision-making.

Learn How To:

- Reduce (stop) overgrazing.
- Plan for a profit in any livestock market.
- Empower a creative and flexible management team.
- Develop a business plan based on the trinity of management.
- Create wildlife habitat and abundant feed through planned grazing.
- Match livestock to their environment and capitalize on their natural attributes.
- Effectively harvest the grass in your pastures through proper grazing management.
- Use Holistic Management® to make financially, ecologically, and socially sound decisions.
- Control livestock with cost effective fencing, water improvements, and low stress livestock handling.

Date: June 1st – 4th 2021 (10:00 am – 5:00 pm CT)

Location: Valentine, NE Niobrara Lodge

Brought to you by the

Sandhills Task Force

"Where the People and Land are One"

The Sandhills Task Force will be contributing half of the tuition cost for each attendee allowing for the reduced price of \$350 per student, and only \$100 for all additional attendees from the same business.

The instructor, Roland Kroos, is a Certified Educator with HMI. Roland began his career working in the Nebraska sandhills in 1978 for the NRCS. He was instrumental in bringing Allan Savory to Nebraska in the mid 80's and helped many ranchers get started in practicing Holistic Management. Roland received his training and worked alongside Allan Savory for 8 years, the founder of Holistic Management®. Roland and his wife Brenda are co-owners of Crossroads Ranch Consulting.

healthy land.
healthy profits.
