
Join us for a

PASTURE WALK

Burggraff Farms

Miller, SD

Tuesday, August 2nd | 8AM-11:00 AM CDT

Levi Burggraff is a recent Coalition Grazing School graduate and just getting into his first few years of adaptive management and temporary fencing. Levi presents attendees the unique opportunity to have a look into an operation that is in the beginning stages when it comes to a more intensive system.

This walk will be lots of interaction and a hands on look at changes that Levi has seen as recently as this year, in his pastures after changing up his management style. It will also be a chance to see the goals he's working toward, and foster conversation between participants on how to reach them. If you are just starting out with adaptive management or temporary fencing, or if you are a veteran in the practice there will be much to experience at this pasture walk.

Directions:

From Miller, head south on highway 45 for 20 miles. Turn left (east) on 218th Street. Follow 218th for 2 miles past the train car.

From Kimball, Head north on Highway 45 for 33 miles. Turn right (east) on 218th street. Follow for 2 miles past the train car.

Meeting place will be marked with signs.
Snacks and water will be provided

Burggraff Farms
