

South Dakota

Grassland Management

Field Day

August 4, 2022

10 am - 2 pm

Directions to Eck site:

From intersection of Hwys 212 and 25 west of Henry: Go north on Hwy 25 to 164A (gravel). East 1 mile, north 1 mile, then east on 164 (minimum maintenance road).

Or from intersection of Hwys 25 and 20 at Keller's: Go south on Hwy 25 to 164A.

Featured TOPICS: Eck and Redlin Grasslands

Objectives based actions / planning for what you want
Converting 'go-back' fields to native species
Fire / chemicals / cover crops / grazing / species mixes
Grazing strategies / livestock integration / fence design
Soil Health: litter / soil temperature / drought/ infiltration
Wildlife habitat / native seed mixes / water quality
Invasive species / drought management

Registration: FREE, come enjoy the day!

LUNCH **will not** be provided: Pack your own!

Bathroom and snack break in Henry, SD at about noon as we move between sites.

The Eck and Redlin site projects are multi-agency cooperatives.
