

FIRE EFFECTS TOUR

July 22

10AM - 12:00PM

Lower Brule, SD

Meet at Lower Brule Wildlife Office 2 miles north of Lower Brule on BIA 3.

Cedar Control in Mixed Grass Prairie.

Balancing grazing and fire objectives.

The field day will address the results of the spring prescribed fire. We will explore what lessons we learned, habitat responses to timing and conditions, ecological effects, and whether our objectives were met. We also welcome participant questions and concerns.
