

SDGC Grazing School Follow-up Program

"The grazing school and the follow-up program go together. They helped us to imagine what kinds of changes could help us to grow more grass and become better grass manager's. It will become the future of our family ranch." Larry Brown, Faith.

WHAT YOU GET

- A resource inventory of your pastures
- A large laminated map of your ranch
- Feed and forage balance sheet
- Complete grazing plan
- Help with future fencing and water design

Upon completion of the grazing school, you may request a range consultant visit your ranch - completely FREE.

ABOUT US

THE CONSULTING PROGRAM

The Grazing School Follow-Up Range Consulting Program was designed to help you implement the tools and techniques you learned at the grazing school. It's one thing to learn the principles, but putting them into practice can be overwhelming. We're here to help.

GRAZING SCHOOLS

The Grazing School is designed for producers and anyone with an interest in learning how to best manage grasslands to benefit the land, livestock, wildlife, and people. Contact Judge for more info.

THE COALITION

The South Dakota Grassland Coalition is a producer-driven organization with an emphasis on management of private land. The volunteers on the nine-member board are all landowners involved in production agriculture.
