

HALF-DAY

# Working Lands Workshop

Sept 3, 2026 | Midland, SD

## Grazing for Profit, Production, & Soil Health

### Overview

Join us for a hands-on look at practical strategies for getting more from your land and building a more resilient grazing operation. This workshop will focus on management approaches that can improve productivity, flexibility, and the long-term health of your grasslands.

- Utilizing tame grass fields for grazing instead of hay production.
- Use of cover crop mixtures for grazing, addressing weed pressures, extending the grazing season & improving soil health and infiltration.
- Recognizing and monitoring woody encroachment concerns on rangeland and developing strategies for monitoring and potential treatment.
- Bring your questions and enjoy some good discussion!

### Practical Strategies

**Sept 3**

9:00am-12:30pm

**Kirkpatrick Ranch**

23942 Robbs Rd  
Midland, SD
